IAWRT

IAWRT presents this award to

Birgitte Jallov

"In appreciation of your outstanding dedication and excellent service to IAWRT"

Birgitte has dedicated her professional life to strengthening women's opportunities to have a voice in the media. She has worked across the globe for the last two decades, supporting local communities in many African and Asian countries in establishing and managing community radio stations.
A dedicated mentor and a coach to women's organizations, she generously shares her wisdom with IAWRT to ensure strategic planning and inclusive management are at the core of our organization's wellbeing.

Her enthusiasm and professionalism are appreciated by all who have worked with her.

Her dedication and passion for strengthening the cause of women from Africa to Asia, Europe to America is worth emulating.

Birgitte was invited to join the International Board as a co-opted member. Despite a very full work programme, she agreed and gave her 100% in charting out a path for IAWRT. Her contribution in fundraising is evident in the presence of many of us here. She is the first one to offer connections, networks and ideas to help the organisation grow! From Gender equality, community radio to Digital Safe House, her imprint is visible in all.

Zanzibar, November 19, 2022

Violet Gonda
